
WORK EXPERIENCE

J.P. MORGAN

Investment Banking Analyst

Singapore
Jun 15 – Jun 17

- Worked on 6 deals, including sell-side and buy-side M&A, leveraged buyouts and equity financings; prepared valuation analyses, built merger and LBO models, and presentation materials
- Selection transaction experience:
 - US\$16bn Privatization of Global Logistic Properties (Integrated real estate logistics developer)
 - Advised Board on valuation such as SOTP/ DCF; final offer price of S\$3.38 represented ~80% premium and exceeded highest ever closing price since listing
 - Evaluated buyers' offers through ability-to-pay analysis for strategics and IRR analysis for financial sponsors
 - Strategic review of an Indonesian tower company (M&A, debt and equity financing)
 - Built a merger model, solving for pro-forma combination and accretion/ dilution analysis with various targets
 - Constructed a credit model for loan refinancing, and performed credit/ ratings analysis to determine optimal debt headroom
 - Prepared investor presentation for an equity placement, including industry landscape and peer benchmarking
 - US\$900m Cross border buy-side M&A of Super Group (Singapore listed F&B company)
 - Conducted DCF valuation, potential synergies and LBO analysis; involved in project management and coordinated multiple work streams
 - US\$1.5bn Asset divestment of ENGIE's coal-fired power plants in Indonesia and India
 - Ran sell-side M&A involving preparation of seller's model, information memorandum, buyer selection, due diligence and SPA negotiations
 - Analysis included transaction structuring to maximize value for both assets (e.g. tax consideration, optimal capital structure and capital management)

J.P. MORGAN

Investment Banking Summer Analyst

Singapore
Jun 14 – Aug 14

- Supported the team in financial modeling and putting together materials for client presentation
- Selected transaction experience:
 - Potential US\$1.5bn take private pitch of a regional agriculture company and alternative merger of its subsidiaries to streamline capital structure
 - Constructed a football field which triangulated LBO valuation, trading comparables and precedent transactions
 - Built a LBO model with sensitivity analysis for the proposed take private
