

A highly motivated individual with experience in financial due diligence and auditing of various industries including listed and multinational companies. Competent in providing professional advice in areas such as accounting and internal control systems. Able to work with all members of staff and maintain a professional relationship with the client. Outspoken team player and enjoys a fast-paced work environment. Presently seeking to broaden commercial experience in a finance role with a reputable company. Willing to travel and on short notice.

PROFESSIONAL EXPERIENCE

Manager, Transaction Advisory Services, EY Solutions LLP, Singapore, May 2016 – March 2017

Manager, Assurance, EY LLP, Singapore, February 2014 – April 2016

Senior Associate, Assurance, Deloitte, Kuala Lumpur, Malaysia, January 2011 – January 2014

ACHIEVEMENTS, DUTIES AND RESPONSIBILITIES

Transaction Advisory Services

- Analyse and evaluate target's industry, quality of earnings, assets, revenue streams and cost drivers to identify any business and financial impact on the potential deal.
- Conduct due diligence and highlight key findings such as negotiation points and technical accounting matters for senior managements and board of directors.
- Assess significant customer/vendor relationships, product and project developments by reviewing purchase/sales contracts, customer/vendor concentration and terms which impact targets' EBITDA.
- Present comprehensive financial analysis of EBITDA, net debt, working capital and cash flow, etc. for start-ups, retail, entertainment, e-commerce and oil & gas targets in Singapore, Bangladesh, Malaysia, Indonesia and Thailand.

Assurance

- Team lead for group audits of companies listed in Singapore, Malaysia & Australia and component audits for offices in Italy, Japan, Hong Kong and Australia.
- High performance ratings on engagement appraisals.
- Diverse professional experience covering a range of industries from manufacturing, luxury retail, trading to construction and financial services.
- Plan, co-ordinate and execute audit engagements effectively to ensure timely completion.
- Manage engagements independently.
- Prioritise and delegate audit working papers to engagement team members.
- Coach and counsel junior members of staff.
- Exercise professional judgement in identification of key risk areas.
- Prepare and critically review statutory accounts to ensure they fully comply with company law and financial reporting standards.
- Keep up-to-date with recent developments to accounting and auditing standards.
- Prepare proposals for new client/engagement tenders.
- Facilitate client meetings and manage expectations of senior-level clients.
